

**Rep. Anita Astorino Kulik
and Allegheny County Sheriff's Office**

PROJECT D.U.M.P.

Dispose of unused medications properly

Saturday, May 11

9:30 a.m. to Noon

Fairhaven Park, Kennedy Township

Upper Level – next to the Kennedy Garden Club Plant Sale

Safely dispose of your unused or expired medications!

At this free event, residents can safely and anonymously dispose of unneeded, unwanted or expired prescription drugs often stored in home medicine cabinets. Safely disposing medications keeps potentially dangerous drugs away from those susceptible to drug abuse and dependence. It also is environmentally friendly, as it ensures the medications won't find their way into the local waste stream or pollute the water. Deputy Joe Cirigliano from Project D.U.M.P. also will be on-hand to provide residents with additional information regarding drug disposal and its benefits to the local community.

**Please feel free to contact my office at
412-264-4260 if you need more information on this event!**
