

Mongiovi and Son Excavating is installing a 60 inch diameter pipe from Singer Avenue in McKees Rocks to Pine Hollow Road in Stowe and Kennedy Townships. The project will end at the intersection of Broadway Avenue and Pine Hollow Road. Due to unanticipated delays the estimated completion date has been extended beyond October 2011.

Pine Hollow Road from Broadway to Dohrman will be closed to thru traffic in September. It will be open to Businesses and residents. Mongiovi will notify residents prior to construction and keep them updated with alerts as deemed necessary.
