Dear Kennedy Township Resident,

During the past winters the Kennedy Township Road Department has experienced difficulty, and on occasion damages to the plow trucks they operate while snow plowing as a result of basketball-hoop boards (devices) that are placed within the Township Right of Way (generally determined as 50 feet from the center of the road to the resident property). We are in the process of enacting an ordinance regulating the placement of these devices.

In the interim, we are seeking your cooperation to remove any such basketball devices from the Right of Way during the winter months, November thru April 1<sup>st</sup>.

Let this serve notice that the Township will not assume any financial liability for damages to such devices placed within the Township's Right of Way while plowing streets, and will seek to hold the property owner(s) in violation liable for damage to Township vehicles, i.e. snow plow trucks.

In anticipation of your cooperation,

Respectfully yours,

Jerry Orsini, Township Manager
